A FAVORABLE SHOWING. The committee on "lunstic asylums and the causes thereof" signified their willingness to report on the following query, presented by the state board of health of Ohio; "Is the per cent, of lunatics among the colored people growing larger or decreasing! Is the per-cent, of colored lunatics greater than the percent, of the whites?

Col. Sylvester Rackabus, chairman of the committee, reported that his committee had made faithful and diligent inquiry and looked up all the authorities, and had the deep satisfaction of being able to report that the per-cent of lunacy was decreasing very rapidly. As to the other query, it had been found that nineteen white persons went crazy to one col-ored man. The negro was not only a very level headed citizen, but his mind was nailed down to stay, and his philosophy was something to boast of.
